

SEA SIDE AVENUE, DENNIS, MASS.

This will give you a good idea of the sea-side farm and service. Arrow marks our house, and all the farm land you see belongs to the Howis. So you see we are not lacking in fresh vegetables. It certainly is a treat to eat here. You cannot see the beach, as it lies below the bluff, excepting the little corner on the left. Fishing is good, and the mackerel will begin to run in Cape Cod Bay in August. The fisherman promise me great sport. Next get in solid with one of them.
