This will give you a good idea of the sea-side farm yard avenue. Arrow marks our house, and all the farm land you see belongs to the Howes. Do you see we are not lacking in fresh vegetables. It certainly is a treat to eat here. You cannot see the beach, as it lies below the bluff, excepting the little corner on the left. Fishing is good, and the Mackerel will begin to run in Cape Cod Bay in August. The fishermen frame me great sport. Jack's got in so solid with one of them.
