Dear wife
I recd your letter yesterday
dated the 4th of July 1885 I spend the
day about the same as you, it was
not very exciting day the mill has been
shut down about 4 or 5 days fixing things
up started this morning but now the
water is very low so it will not take
off. the saw dust it seems as if there was
some thing, but I dont take much
heed of these things, as I hope that I
shall not be here another season
still I dont see how I am to get
out, as I dont see any way of selling
the property and getting rid of it I
am not so particular about a big price
if I could only sell. I recd letter from
Nancy Allison yesterday I will enclose
it that you may see what he has
to say, I note what you say about Char
Booting wish I might be there to help him
out. It would be a Saw Milling I think
at least would be a pleasure

I often wonder when I will be at
the next turn of the wheel. This to me
looks about played out after this
season what is to be more next 10
years. I hope I shall be able to show
a better Bank a/c at the end of that
time than the last 10 has made me.
James wrote me he would write me in
a few days his decision on the note business
but that is the last I guess I shall hear.
I don't feel bad on a/c of the loss of the
money for that I had reconciled myself
to long ago. If I don't get a note I
think the loss will figure up about the
same in any event. It may save me
\$1000's. and for it will be cheap. I only
feel as if I was rather imposed upon
for my good nature & liberality. But it
is not the first time in the last 10 years.
it has been so more than I will be at
the next 10 - wish you would write me
the state of your finances I sent you 100
few days ago. I suppose that is not due
again the 4th of this month or was he not collected
to July 4 in advance. I wrote about the note you need.

James
