Febr 4th. 1895

Town Clerk
Dennis Mass.

Dear Sir;-

Under the legacy below given, which was contained in the will of Nathaniel Myrick, the executors thereof will be prepared after the 13th inst., to pay over the sum of $10000 to Trustees as therein stipulated. The will was probated Febr. 13th. 1895 [7, in pencil, has been written over the 5] and therefore the legacy is payable the 13th. inst. as stated.

Will you kindly see that three suitable persons are selected that will be willing to serve and if possible have them appointed at the next sitting of the Probate Court in your County, which will be the 12th.

“Section Eleventh”; -

I give and bequeath the sum of TEN THOUSAND DOLLARS ($10000) to be paid over after the expiration of one year from the date of the probate of this will to three suitable persons to be appointed by the Judge of the Probate Court for the County of Barnstable as Trustees therefore; - said sum is to be forever held in trust by them and their successors, for the following uses, trusts and purposes, viz, - said sum of Ten Thousand Dollars shall be prudentially invested as a permanent fund and the same to be reinvested as occasion may require, the net income therefrom only to be used ant that to be expended at the discretion and under the approval and direction of said trustees or a majority of them, for the aid and relief of such indigent worthy female citizens of the town of Dennis as are actually needy and striving to help themselves from being a charge to the Town and suffer privation for the want of a little aid which, if seasonably given would make them comfortable.

It is not my intention that any part of the income of this fund should be appropriated or expended for the assistance of those who are wholly destitute and unable or not disposed to help themselves or who are a total charge to the Town.

I hereby invest said Trustees and their successors with the most ample power and discretion to invest and manage said trust fund and to expend or distribute the income therefrom.”

Yours truly,
Geo. A. Craig
