I don't understand just what you are to do and shall be greatly interested to hear if you can find time to write to us. It will be very pleasant for you and Nan to be together. At any time you would like to have us, we will write news of the school.

Miss Kenney and I spent the Easter vacation with a friend in New York and our Alumnae entertained us at dinner at Hotel McAlpine. Miss M'Dear, our hostess, gave an afternoon tea for them and many of them came and brought their children with them. It doesn't seem possible that Q. M. S. is twenty-two years old. My dear Minerva,

I was very glad to receive your letter, as was Miss Kenney and the other teachers. We shall wait with great interest to hear of you and Nan Larned. It sounds exceedingly interesting in the letter, but your friends will feel all the time anxious to hear from you. I am sure you will both do excellent work and I am glad that some of our girls, that is you and Nan, are doing such remarkable work.

Love of our girls, Claris Collings.
who has been with us four or five years, is staying with us this year and goes to Boston to take Red Cross courses. Her two brothers are in the army. They come from Arkansas. Many of the girls have brothers, fathers, and others in the army and navy. One of our girls read to me last night extracts from letters of her father who has gone over as a physician. Our own Dr. Burke, has been gone sometime.

The Methodist people are feeling very thankful and yet anxious because our grand Bishop Hughes is going across. His son is already there. We shall miss him in all public gatherings.

The girls have probably written you of their call here. We enjoyed hearing of the school, Sea Pines.

I wish we could see you before you go. Will you tell Nan for me that our girls use the books which she so kindly gave to Mr. Willard and find them very useful in their work. Very constantly.

Have you been told that our girls raised $403.00 for the Students' Friendship War Fund? They paid $36.00 for a French child and we have given in many directions. The teachers and others have been sending money for the various war funds. All the teachers took Liberty Bonds.

Our Sunday services are full of patriotic utterances. We will
