Province town 22 June
Dear Brother

Thursday morning 7 June I
went on board the Schooner Truth
Capt J. Nickersons master arriv-
ed at Boston about 2 o'clock
P. M. on Friday, on Saturday after-
noon went in the Stage to
Needham kept Sabbath with
Mr Noyes. Monday fore-
noon came into the
City and in the afternoon
went in the Stage to Salem.
Tuesday afternoon came
back to the City expecting
to sail for Providence tomorrow
that evening; but the
wind was not fair wednes-
day about 10 o'clock in
the evening went on
board and arrived ^{Thursday} at
Providence town ^{Monday} towards
night. My visit was
short but pleasant
and beyond my friends
well. My garden is cov-
ered with water not a
seed yet planted in it.
Mr Noyes told me that
by his glass for the first
10 days in June it did not
stand higher at no one
time than temperate
heat and some times
lower, the morning that
I left it rose above
temperate heat, the seasons
uncommonly backward,

It has been very sickly
in this place for a long
time among children,
the hooping cough, the
scarlet fever and other
fevers. The throat ail-
ments and scarlet fever
have been very mortal.
29 deaths since the year
commenced mostly
children.

It is said that
the cholera has made
its appearance in
Quebec.

Mr Green wife
and son have returned
to Province town and
is engaged 6 months
longer he hires her
of Dr Whitney's house.

One banker has arrived
more one daily expecter.
Mrs Stone has recovered
to her usual state of
health she was quite
sick for about a few nights.

Why can't you and your
wife make us a visit?
When we shall be able
to come on to Dennis
I cannot tell. Nathl Stone,
