Mayfair 25, Feb 93

Dear Kinsman,

As nearly everybody will come to the fair at Chicago next summer, you have doubt will be here. I have already arrived, and have been looking over Dr. F. W. Thomas' History of the Tribe. I thought as all the tribe will be here. Why not arrange to meet on a given day and place and look at each other and possibly form pleasant and lasting acquaintances.
I would suggest that we meet on August 31st, the birthday of William Thomas of Newton, or Cambridge — see Page 17 — that being the first birth in the tribe. We have any record of, and I would also suggest that we meet at 11 o’clock A.M. in front of the Illinois State Building. Each person should wear a badge of the same design so that they would know each other.

Please acknowledge promptly the receipt of this, telling me what you think of the scheme, and accept a badge or better send me a design for one.

Tell me if you will visit the fair and if it will be possible to be here at the date named and any other suggestion you may think of.

Respectfully
